“U.S. INTERNATIONAL PAVILION”
sponsored by the Dental Trade Alliance at
FDI 2014 New Delhi - World Dental Congress

The FDI’s World Dental Congress is one of the world’s leading annual dental events and a prime international meeting point for leaders and key decision makers in the dental profession, industry and trade. In 2014 FDI will bring their World Dental Congress to New Delhi, India. Provision of affordable dental healthcare services to India’s billion-plus population presents enormous challenges and offers enormous investment opportunities for U.S. and Canadian companies, thus FDI 2014 New Delhi is the ideal platform to showcase your company’s products and services.

The World Dental Parliament will bring its unequalled gathering of more than 190 national and international members, who in turn represent more than 1,000,000 dentists worldwide, to FDI 2014 New Delhi. The exhibition will run parallel to the scientific program, all under one roof, and promises to be the largest held in the region. On behalf of the FDI World Dental Federation, and the International Dental Manufacturers who are supporting this market leading event, we would like to invite you to join us at FDI 2014 New Delhi.

If you are determined to carve out your share of the international dental business this region has to offer, consider joining the “U.S. International Pavilion” sponsored by the DTA, which Kallman Associates is organizing at FDI 2014 New Delhi. The booth package includes the following:
